Client Comments:

"I have to tell you your Officer on the East Gate did an exceptional job in deescalating a pretty hairy situation at the ticket booth. I don't think I have seen it done better. He was calm and defused things immediately even though he was faced with a potentially dangerous situation. He didn't hesitate for a second and that was the difference it took."

Retired Mesa County Sheriff's LT. & Active Search & Rescue Volunteer

"The little extra I spent this year in retaining your services over those guys we have used in years past was worth thousands of dollars!... Thank you"

Reggae on the Mesa 2005 Event Coordinator.

"One of the things I love about working with you is that you're always willing to make changes or additions to accommodate the security needs of us and our guests. Those other guys we used to use just never could do that. It happens... you're proactive flexible approach is a joy to work with."
